PROJECTS

Limited Liquor Scheme [LLS]

● A UI/UX design for an app with a new scheme called the Limited Liquor Scheme (LLS) allows people to consume a limited amount of liquor per day upon verification of their Aadhaar card. Additionally, it provides monthly analysis to help maintain their health, offering everything on one platform, with a complete prototype and wireframing.

Bus Boarding System [BBS]

● The Final year project aims to efficiently locate buses within complex bus stops by crafting a comprehensive UI/UX design. This involves creating detailed wireframes and prototypes for a user-friendly interface and seamless functionality.
